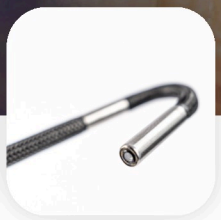
Joystick control

VIDEO ENDOSCOPE SERIES GM

With interchangeable probe technology



HIGH RESOLUTION AND EASY HANDLING

MULTI-TALENT FOR THE INDUSTRY

Perform inspections easily and intuitively with the Hipp GM series video endoscope. Precise and sensitive operation is possible using a joystick. The 4.3 inch HD display with touch function enables reliable and convenient operation. The flexible probes of this videoscope enable comprehensive visibility and flexibility thanks to their 360° rotatable design. Even hard-to-reach, narrow areas can be inspected effortlessly. The robust, impact-resistant housing keeps out both water and dust. The probe, characterized by its low wear and high abrasion resistance, makes the GM series video endoscope ideal for use in tough industrial conditions. Powerful illumination combined with a high-resolution Full HD 4.3-inch color display provides clear and accurate images that are critical for precise diagnoses, all at an affordable price.

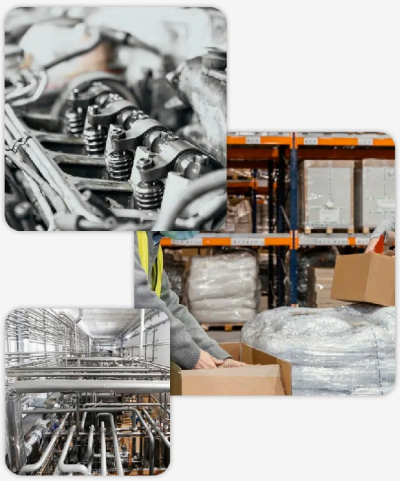
ONE PRODUCT, VERSATILE AREAS OF APPLICATION

AREAS OF APPLICATION

- Leak detection
- Mobile maintenance work (engines, power units)
- Security and customs-related baggage inspection
- Quality assurance in production processes
- Inspection of pipes and valves



ALL IMPORTANT INFORMATION AT A GLANCE

PRODUCT DETAILS BASIC UNIT

Monitor unit technical data

Monitor unit	
Article no.	HT-GM monitor unit for GM series
Touch screen, LCD monitor	4,3 Zoll
Weight	0.75 kg
Touchscreen	✓
Resolution	800*480
Joystick control	Integrated dumping function
Light source	> 15.000 LUX
Languages	10 languages (Chinese, English, French, German, Japanese, Spanish, Italian, Russian, Korean, Turkish)
Menu operation	Button/ Touch Screen
Temperature sensor	✓
Whitealthough	✓
Contrast	✓
Brightness level display	✓
WIFI	Optional

Power supply and battery

Power supply	
Current output	5V/2A

Battery	
Battery	26650 5000MAH
Operating hours of the battery	4 h
Battery replacement method	Replaceable batteries

Endoscope probes 3.9 - 6.2mm

Article no.	⌀ (mm)	Length (mm)	Opening angle	Viewing direction	Description
HT-GM3915	3,9	1500	90°	0°	Video endoscope set
HT-GM3930	3,9	3000	90°	0°	Video endoscope set
HT-GM6215	6,2	1500	90°	0°	Video endoscope set
HT-GM6230	6,2	3000	90°	0°	Video endoscope set
HT-GM3915-P	3,9	1500	90°	0°	Video endoscope probe
HT-GM3930-P	3,9	3000	90°	0°	Video endoscope probe
HT-GM6215-P	6,2	1500	90°	0°	Video endoscope probe
HT-GM6230-P	6,2	3000	90°	0°	Video endoscope probe
HT-GM					Video endoscope monitor unit
HT-GM0001					Battery for GM series
